Bone Spring completion

10-2-92 Mike
Circle on USL
Dear BS

Gentlemen:

We have received Form C-104 requesting an allowable for the Bone Spring completion of the above-referenced well.

This well was permitted as a Morrow gas well at an approved unorthodox location. The location 2395/S and 2065/E of Section 13, T20S, R33E, is also unorthodox for the Bone Spring since it is too near the quarter/quarter line.

We have assigned an allowable to the well for 60 days and during this time you must obtain approval of the unorthodox location for the Bone Spring.

Should you have any questions concerning this, please contact Evelyn Downs at (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I

P.S. Please submit acreage dedication plat, Form C-102, for the Bone Spring completion outlining 40 acres and signed by operator. It need not be signed by surveyor.
