To Whom It May Concern,

Please find attached the Inclination Report and a Form C-102 for the above referenced well. The plat on the Form C-102 indicates the 320 acre (S/2) proration unit of this well and the Huston Com #1 well. The Huston Com #2 will replace the #1 well.

Notifications to plug and abandon are being sent on the #1 well to be plugged at our earliest convenience. The well is currently shut-in and has not produced since the #2 well has been completed.
