Re: Schermerhorn, Christmas #1
Queen Sand Gas Well
Eumont Pool
Lea County, New Mexico

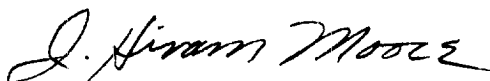

Gentlemen:

On December 18, 1953 we submitted a gas well plat on the above captioned well showing a 40 acre gas unit. It was noted on this plat that negotiations were under way to communitize the two leases in the NW $\frac{1}{4}$ of this section to make a full 160 acre producing unit.

The two leases have now been communitized, therefore attached are corrected gas well plats showing the full 160 acre producing unit.

Will you please revise the allowable for this well to take into account the 160 acre unit.

Yours very truly,

J. Hiram Moore
