OIL CONSERVATION COMMISSION

HOBBS, NEW MEXICO

March 16, 1962 Texaco, Inc. Box 728 Hobbs, New Mexico Attention: Mr. H. N. Wade Gentlemen: As you know, Commission Order R-2181 authorized multiple completion for your C.

H. Weir "B" Well No. 5 located in Unit G of Section 11, T-20-S, R-37-E in the Skaggs Drinkard Oil Pool, Skaggs Glorieta Oil Pool and undesignated Blinebry gas pool.

Since your Blinebry completion resulted in an oil well, it will be necessary that you amend the above order to read Blinebry oil.

Since your Blinebry oil completion is through 1 inch tubing, it will be necessary that we cancel the existing oil allowable and it will also be necessary that this matter be set for Hearing since our rules definitely state that tubing size for oil wells must be in excess of 1 inch. However, we will issue allowables for the other two authorized zones upon receipt of Commission Forms C-104.

Yours very truly,

OIL CONSERVATION COMMISSION
