Re: M. B. Weir B #7-N
Section 12, T20S, R37E

Gentlemen:

According to the recently submitted C-103 on the above well, the Skaggs Drinkard zone was abandoned and the well appears to no longer be downhole commingled. If this is the case, a Weir Blinebry--- Monument-Tubb zone segregation test should be conducted yearly and submitted when the gas/oil ratio test is due for the Monument Tubb Pool.

Very truly yours,

OIL CONSERVATION DIVISION

Supervisor, District I
