Re: Application for Triple Tubingless  
Completion, TEXACO Inc., M. B.  
Weir "B" Well No. 7, Lea County,  
New Mexico.

ATTENTION: Mr. A. L. Porter, Jr.

Gentlemen:

Attached is TEXACO's Application for Triple Tubingless Completion for the M. B. Weir "B" Well No. 7, located 660' FSL and 825' FWL, Section 12, Township 20 South, Range 37 East, Lea County, New Mexico. TEXACO plans to complete this well as a triple tubingless oil completion in the Skaggs-Drinkard, Undesignated Blinebry Gas and Skaggs-Glorieta Pools. It is anticipated that the Drinkard and Glorieta will be oil completions and that the Drinkard and Blinebry will flow initially. Artificial lift will be installed on the Glorieta zone. Approval has been granted previously by the New Mexico Oil Conservation Commission for these zones in other wells in this area.

Also attached is a copy of the Plat showing the area immediately surrounding TEXACO's M. B. Weir "B" Lease and a diagramatic sketch of the proposed triple tubingless completion. It is respectfully requested that TEXACO Inc. be granted administrative approval for this application as provided for under Rule 1.2A.

Yours very truly,

A handwritten signature in cursive script, reading 'J. G. Blevins, Jr.', written in dark ink.

J. G. Blevins, Jr.
