Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

It is proposed to recomplete this well to the Penrose and Yates & 7 Rivers formations. The well is presently Shut-in. We propose to first perforate, acidize and frac the Penrose formation from 3508' to 3630', then perforate, acidize and frac the Yates and Seven Rivers formations from 2622' to 2952'. Attached is the proposed completion diagram.

For further technical information please contact Neal Hoover at 397-5858.

18. I hereby certify that the foregoing is true and correct
