Re: State I Gas Unit #3-N
Sec. 16-20-37

Gentlemen:

A check of the file on your State I Gas Unit #3 shows that all forms are in order on this well with the exception of an affidavit from all partners participating in the unit assigned to this well. Under present Commission policy, this must be filed before an allowable can be assigned the well.

We are enclosing a blank form for your convenience.

Yours very truly,

OIL CONSERVATION COMMISSION
