1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the study and the objectives of the research.

2. The second part of the report is a detailed description of the methodology used in the study. It includes a description of the sample, the data collection methods, and the statistical analysis techniques used.

3. The third part of the report is a discussion of the results of the study. It compares the findings with the previous research and discusses the implications of the study.

4. The fourth part of the report is a conclusion and a list of references. The conclusion summarizes the main findings of the study and the references list the sources used in the study.

5. The fifth part of the report is a list of appendices. The appendices contain additional information that is relevant to the study but is not included in the main text.
