

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

Title

THEORY OF THE EARTH

CHAPTER I. OF THE ORIGIN OF THE EARTH.

The first question which presents itself to the mind is, what was the origin of the earth? and the answer to this question is, that it was created by the power of God, and that it was created out of nothing.

The second question which presents itself to the mind is, what was the state of the earth at the first? and the answer to this question is, that it was a globe, and that it was covered with water.

The third question which presents itself to the mind is, what was the state of the earth at the second? and the answer to this question is, that it was a globe, and that it was covered with water.

The fourth question which presents itself to the mind is, what was the state of the earth at the third? and the answer to this question is, that it was a globe, and that it was covered with water.

The fifth question which presents itself to the mind is, what was the state of the earth at the fourth? and the answer to this question is, that it was a globe, and that it was covered with water.

The sixth question which presents itself to the mind is, what was the state of the earth at the fifth? and the answer to this question is, that it was a globe, and that it was covered with water.

The seventh question which presents itself to the mind is, what was the state of the earth at the sixth? and the answer to this question is, that it was a globe, and that it was covered with water.

The eighth question which presents itself to the mind is, what was the state of the earth at the seventh? and the answer to this question is, that it was a globe, and that it was covered with water.

The ninth question which presents itself to the mind is, what was the state of the earth at the eighth? and the answer to this question is, that it was a globe, and that it was covered with water.

The tenth question which presents itself to the mind is, what was the state of the earth at the ninth? and the answer to this question is, that it was a globe, and that it was covered with water.

The eleventh question which presents itself to the mind is, what was the state of the earth at the tenth? and the answer to this question is, that it was a globe, and that it was covered with water.

The twelfth question which presents itself to the mind is, what was the state of the earth at the eleventh? and the answer to this question is, that it was a globe, and that it was covered with water.

The thirteenth question which presents itself to the mind is, what was the state of the earth at the twelfth? and the answer to this question is, that it was a globe, and that it was covered with water.

The fourteenth question which presents itself to the mind is, what was the state of the earth at the thirteenth? and the answer to this question is, that it was a globe, and that it was covered with water.

The fifteenth question which presents itself to the mind is, what was the state of the earth at the fourteenth? and the answer to this question is, that it was a globe, and that it was covered with water.
