

STATE OF NEW MEXICO  
OIL CONSERVATION COMMISSION

SANTAFE, NEW MEXICO

Hobbs,  
May 21st, 1937

The Texas Company State of N. M. University #10

Sec. 19 Twp. 20S Rge. 37E

7" Production String

1375# pressure was built up and held for thirty with less than  
100# drop in pressure. Plug was drilled and the same test re-  
peated. Water shut-off and pipe test approved.

*R. F. Miller,*

Inspector
