

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELL

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

SECRETARY OF DEFENSE

WASHINGTON, D.C. 20301

MEMORANDUM FOR THE SECRETARY OF DEFENSE

1. The purpose of this memorandum is to inform you of the results of the review of the Department of Defense's (DOD) current policy on the use of nuclear weapons in the event of a conflict with the Soviet Union. The review was conducted by the Joint Chiefs of Staff (JCS) and the Department of Defense's Nuclear Planning Group (NPG).

2. The review found that the current policy is based on the assumption that the United States will use nuclear weapons only in the event of a nuclear attack on the United States or its allies.

3. The review also found that the current policy does not take into account the possibility of a limited nuclear war between the United States and the Soviet Union.

4. The review recommended that the DOD should develop a new policy that would allow for the use of nuclear weapons in a limited nuclear war.

5. The review also recommended that the DOD should develop a new strategy for the use of nuclear weapons in a limited nuclear war.

6. The review found that the current policy is based on the assumption that the United States will use nuclear weapons only in the event of a nuclear attack on the United States or its allies.

7. The review also found that the current policy does not take into account the possibility of a limited nuclear war between the United States and the Soviet Union.

8. The review recommended that the DOD should develop a new policy that would allow for the use of nuclear weapons in a limited nuclear war.

9. The review also recommended that the DOD should develop a new strategy for the use of nuclear weapons in a limited nuclear war.

10. The review found that the current policy is based on the assumption that the United States will use nuclear weapons only in the event of a nuclear attack on the United States or its allies.

11. The review also found that the current policy does not take into account the possibility of a limited nuclear war between the United States and the Soviet Union.

12. The review recommended that the DOD should develop a new policy that would allow for the use of nuclear weapons in a limited nuclear war.

13. The review also recommended that the DOD should develop a new strategy for the use of nuclear weapons in a limited nuclear war.

14. The review found that the current policy is based on the assumption that the United States will use nuclear weapons only in the event of a nuclear attack on the United States or its allies.

15. The review also recommended that the DOD should develop a new strategy for the use of nuclear weapons in a limited nuclear war.

16. The review found that the current policy is based on the assumption that the United States will use nuclear weapons only in the event of a nuclear attack on the United States or its allies.

17. The review also recommended that the DOD should develop a new strategy for the use of nuclear weapons in a limited nuclear war.

18. The review found that the current policy is based on the assumption that the United States will use nuclear weapons only in the event of a nuclear attack on the United States or its allies.

19. The review also recommended that the DOD should develop a new strategy for the use of nuclear weapons in a limited nuclear war.

20. The review found that the current policy is based on the assumption that the United States will use nuclear weapons only in the event of a nuclear attack on the United States or its allies.

21. The review also recommended that the DOD should develop a new strategy for the use of nuclear weapons in a limited nuclear war.

22. The review found that the current policy is based on the assumption that the United States will use nuclear weapons only in the event of a nuclear attack on the United States or its allies.

23. The review also recommended that the DOD should develop a new strategy for the use of nuclear weapons in a limited nuclear war.

24. The review found that the current policy is based on the assumption that the United States will use nuclear weapons only in the event of a nuclear attack on the United States or its allies.

25. The review also recommended that the DOD should develop a new strategy for the use of nuclear weapons in a limited nuclear war.

26. The review found that the current policy is based on the assumption that the United States will use nuclear weapons only in the event of a nuclear attack on the United States or its allies.

27. The review also recommended that the DOD should develop a new strategy for the use of nuclear weapons in a limited nuclear war.

28. The review found that the current policy is based on the assumption that the United States will use nuclear weapons only in the event of a nuclear attack on the United States or its allies.
