Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the _____

Gulf Oil Corporation Lease Well No. 1 in SW 34
Company or Operator Lease

of Sec. 29, T. 20 S, R. 37 E, N. M. P. M., Lea Field.
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

Form C-102 was submitted on October 18, 1949, to plug back and exploit new horizon at this well, and authority was obtained from Mr. [unclear] to proceed with the work.

It now develops that while backwashing, in connection with the plug-back job, water flowed out at the surface between the 9-5/8" and 7" casing strings, indicating a leak in the 7" pipe. Authority is therefore requested to repair the casing leak by running Spinner survey to determine location of the leak, then set clogging plug below, and cement retainer above, and squeeze-cement casing leak, drilling out cement and testing to see if leak is properly repaired.

This request to repair casing leak supplements approved C-102 to plug-back and exploit new horizon, submitted October 12, 1949.

Approved _____, 19____
