

January 19, 1955

- (d) The length or width of the proposed unit does not exceed 4280 feet.
- (e) The applicant has requested written consent in the form of waivers from all operators owning interest in the section in which this proposed non-standard gas proration unit is situated as well as from all operators owning interests within the 1500 feet of the proposed unit well. Copies of the waivers will be submitted to the Commission Office in Santa Fe, New Mexico, as soon as possible.

In view of the existence of the facts herein stated and compliance with the provisions of Rule 5 (b) of the Oil Conservation Commission Order No. R-520, Gulf Oil Corporation requests that the Secretary of the Commission approve the above-described non-standard gas proration unit.

Respectfully submitted,

GULF OIL CORPORATION
