----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------

Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was last produced in 1962 and has been shut-in since that time. We propose to temporarily abandon, leaving tubing and packer in place and capping well with 2000# WOG valve. Plan to hold the well for possible secondary recovery use.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
