Dear Sir:

We are requesting a hearing for an exception to Rule #5 of the Field Rules for the Kumont Field, Lea County, New Mexico. Our Turner-Hudson-State lease covers 160 acres, but is an unorthodox gas unit as it covers the W/2 of the NE/4 and the E/2 of the NW/4 of Section 32, T 20S, R 37E.

Our well #2 was completed as a gas well in March, 1947, and has been producing gas since that date. The 80 acres, in the E/2 of the NE/4, which is owned by Pacific Western has a gas well that is now producing, and the 80 acres, in the W/2 of the NW/4, which is owned by Atlantic Refining Company, has two gas wells that are now producing.

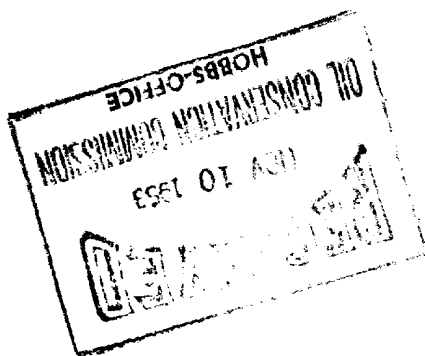

We are enclosing a copy of the gas well plat of our unit, two copies of which have been filed with the district office at Hobbs.

Yours very truly,
BERT FIELDS
