Gentlemen:

Effective January 1, 1963 your Sarkeys Well Nos. 1 located in Unit E and 2 located in Unit D of Section 25, T-21-S, R-37-E are reclassified as gas wells in the Blinebry Gas Pool. This reclassification is necessitated by your recently submitted gas-oil ratio report which indicated the wells to be producing in excess of 32,000 cubic feet per barrel.

Gas allowables will be assigned these wells when you have complied with the provisions of Commission Order No. R-1670 which pertain to the Blinebry Gas Pool.

Yours very truly,

OIL CONSERVATION COMMISSION
