In Re: RC 775 Olsen-Rudman
Sarkeys # 1

Gentlemen:

Due to lost circulation in the ~~Glorietta~~ *San Andres* section of our Sarkeys # 1, of which I am sending you an electric log, it is getting extremely dangerous to drill this hole deeper. We are asking your permission to set pipe at 6400' and complete the well in Blinbry section.

We are also attaching copies of form C-102.

Yours truly,

R. OLSEN
