17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Well currently dually completed in Blinebry and Drinkard zones. Remedial work is proposed to exclude the upper Blinebry (Gas Zone) and expose and treat the lower Blinebry (Oil Zone). Schematic diagram of well after completion of proposed remedial work is attached. It is our intention to commence this work immediately upon receipt of approval.
