Oklahoma City, Okla.

Gentlemen:

Pursuant to your letter of July 13, 1965, this is to advise that your Sundry Notice, Form C-103, concerning the dual application for your Sarkeys No. 1 located in Unit G of Section 26, T-21-S, R-37-E cannot be approved until after Notice and Hearing before the Commission.

According to Rule 112-A of the Commission Rules and Regulations all strings of tubing used for the production of oil will have a nominal inside diameter of not less than 1.67 inches. According to your diagrammatic sketch, the tubing string for the Blinebry oil will be 1". It will therefore be necessary that a dual completion order be obtained prior to commencing any work on the well.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey  
Supervisor, District 1
