Gentlemen:

Due to the recently submitted gas-oil ratio test for your Virgil Linam Well No. 3 located in Unit A of Section 29, T-21-S, R-37-E, the Blinebry zone will be reclassified as gas effective January 1, 1982, and the oil allowable will be cancelled that date. Please advise when you have complied with the provisions of Division Order No. R-1670-N pertaining to gas wells in the Blinebry Oil & Gas Pool in order that a gas allowable can be assigned.

The gas-oil ratio test for the Blinebry zone in your S. E. Cone Well No. 1 located in Unit J of Section 26, 21-S, R-37-E, indicates that it should be classified as oil and this reclassification will be made also effective January 1, 1982. If a change of transporter occurs due to this reclassification, please submit Form C-104 so indicating.

Yours very truly,

OIL CONSERVATION DIVISION

Supervisor, District 1
