Re: Reclassification of Wells
Blinebry Oil and Gas Pool

Gentlemen:

Due to the recently submitted gas/oil ratio test for wells listed below, they will be reclassified as gas wells in the Blinebry Oil and Gas Pool effective January 1, 1987, and the oil allowables will be cancelled that date.

*Submitted
new test.
Will be mailed*

→ Lockhart A-27 #11-H Sec. 27, T21S, R37E
Lockhart B-35 # 3-C Sec. 35, T21S, R37E

If for some reason you feel the recently submitted tests do not reflect the proper classification of the wells, please submit another test for our consideration.

If the wells are to be reclassified, please furnish this office with a revised acreage dedication plat, Form C-102, outlining acreage dedicated to each gas well along with the NSP number. Also, if the transporters change as a result of reclassification, please submit Form C-104 so indicating. Please advise this office if the gas well gas is separately metered.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
