Dear Mr. Sexton:

**Lockhart A-27 #11 Reclassification from Oil to Gas
Well and the Required Rededication of Acreage**

Your recent letter advised us of the reclassification of this well to a dry gas well, based on submitted GOR tests, and accordingly requested a revision in acreage dedication. The attached application has been filed with Santa Fe to resolve this problem by revising the proration unit for the Lockhart A-27 #5 to include the #11 well.

I recently visited with Evelyn on the phone about this resolution to the acreage dedication problem. Thank you for your help and patience in resolving this problem.

Very truly yours,

Jerry W. Hoover
Senior Conservation Coordinator
