Gentlemen:

Re: Application for NSP Unit for
the Lockhart A-27 Well No. 5,
Located in Section 27, T-21S,
R-37E, Lea County, New Mexico

We forward herewith application, in triplicate, requesting administrative approval of a 120-acre non-standard gas proration unit for our Lockhart A-27 Well No. 5, located in Unit A, Section 27, T-21S, R-37E, Lea County, New Mexico.

A standard proration unit of 160 acres was dedicated to the Lockhart A-27 No. 5 prior to September 8, 1964, when the proration unit was reduced to 120 acres, as a result of a Blinberry oil completion in the same quarter section.

Your further handling and approval of this application will be sincerely appreciated.

Yours very truly,

GCJ-DFM
