17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Pumping unit on this well is in need of repairs. The well has declined in production to 46 BOPM and the cost of repairs to the pumping unit would be uneconomical. The well was shut in June 10, 1970 and rods and tubing were removed. We propose to hold this well for possible future secondary recovery use.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
