

**OIL CONSERVATION COMMISSION**

**HOBBS, NEW MEXICO**

December 8, 1965

Socony Mobil Oil Company  
Box 1800  
Hobbs, New Mexico

Gentlemen:

During the week of November 21, 1965, a packer leakage retest was completed on your Cordelia Hardy Well No. 3, located in Unit C, Section 29, T-21-S, R-37-E. This retest confirmed that there was communication in the well bore between the Tubb and the Blinbry. To date this office has received no correspondence to the effect that this communication has been or is being repaired.

Communication in multiple completions is to be repaired immediately. Therefore, if this work has not commenced by December 15, 1965, it will be necessary that I take further action in this matter.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey  
Supervisor, District I

OIL CONSERVATION COMMISSION

HOUSTON, TEXAS

MEMORANDUM FOR THE COMMISSION

DATE: 10/1/54

TO: COMMISSION

Subject: Proposed amendments to the rules and regulations governing the operation of the oil conservation commission. The proposed amendments are designed to improve the efficiency of the commission's operations and to provide for a more equitable distribution of the oil resources of the state.

The proposed amendments are as follows: 1. To amend the rules and regulations governing the operation of the commission. 2. To provide for a more equitable distribution of the oil resources of the state.

Very truly yours,

W. W. Clegg, Chairman

W. W. Clegg, Chairman  
Oil Conservation Commission
