Mr. C. F. McKeen
Barnsdall Oil Company
Box 156
Pecos, Texas

Dear Mr. McKeen:

This is in regard to the 7" casing on the Barnsdall
Dayton G. Hardy well No. 1 in Sec. 26, T. 21 S., R.
27 E.

On April 7, 1936, I requested your company to cement
the 7" casing which had been set on a shoulder. A few
days later you called and asked permission to make up
back production with the understanding that the 7" cas-
ing be cemented as soon as possible. As yet I have not
received the notice of intention to cement the 7" casing.
However, I have received a report of an acid treatment.

Your prompt attention regarding this matter will be greatly
appreciated.

Very truly yours,

FJV:t

F. J. Veeley,
State Oil & Gas Inspector.
