Gentlemen:

I have examined the application dated 12/8/65

for the Sunray DX Oil Co. D. Hardy #3 29-21-37
Operator Lease and Well No. S-T-R

and my recommendations are as follows:

No dual has been approved for these two zones to my knowledge. However,
there are Eumont & Blinbry dual completions. Maybe a procedure could be set
up like we have in the Justis field. Last C-103 shows Eumont gas zone as swabbed
dry. Is this dual for procedure only?---E.F.E.
Geologically O.K.---J.W.R.

Yours very truly,
