DUAL COMPLETION
The Texas Company
V. M. Henderson Well No. 5
Penrose-Skelly and Paddock Pools
Lea County, New Mexico

New Mexico Oil Conservation Commission
Box 2045
Hobbs, New Mexico

Gentlemen:

The Texas Company has completed the V. M. Henderson Well No. 5 as an oil-oil dual in the Penrose-Skelly and Paddock Pools, Lea County, New Mexico. Attached are the Packer Leakage Test results, Packer Setting Affidavit, bottom hole pressure test results, and diagramatic sketch of the mechanical installation. The Application For Dual Completion, log showing the tops and bottoms of producing zones and completion intervals, and plat of the area were submitted at the hearing conducted on January 7, 1959. Dual completion was authorized by Order No. R-1320, dated January 14, 1959.

Yours very truly,

THE TEXAS COMPANY
