March 1, 1935

Dear Sirs:

Enclosed

This is in response to your letter of February 27, 1935, regarding the proposed oil conservation program. The program is being developed by the Oil Conservation Commission, which is a joint venture of the State of New Mexico and the United States Department of the Interior. The program is designed to conserve oil resources and to provide for the future needs of the State and the Nation. The program is being developed in accordance with the provisions of the Federal Oil Conservation Act, which was passed by the United States Congress in 1934.

Very truly yours,

Director of Conservation
Oil Conservation Commission
