17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

**Sohio Petroleum Company respectfully requests a one year extension of the exception to Rule 201-B, which would allow the subject well to remain temporarily abandoned for this additional period of time. According to our records, the present exception expires December 1, 1975.**

**This well is off production because of mechanical problems. At present, the economics of repairing this well are difficult to determine, principally due to the uncertainty of future oil prices. This grace period should allow us ample time to arrive at a positive decision.**

*Expires 12/1/76*
