17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was last produced in March, 1954. At that time the well was shut in and no further attempt has been made to return the well to a producing status. We are holding the well in a TA category in the belief that some secondary recovery project will eventually be started in the area.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
