Re: Reclassification of Well
Owen B #4-N
Section 34, T21S, R37E
Blinebry Oil and Gas Pool

Gentlemen:

Due to the recently submitted gas/oil ratio test for the above-referenced well, the well will be reclassified as an oil well in the Blinebry Oil and Gas Pool effective January 1, 1987, and the gas allowable cancelled that date.

If for some reason you feel this test does not reflect the proper classification of the well, please submit another test for our consideration.

It will be necessary for you to submit a revised Form C-102 outlining a 40-acre proration unit for the oil well classification and in the event there is a transporter change due to the reclassification, please submit Form C-104 so indicating.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
