FILE: KJB-3097-401

SUBJECT: Application for Dual  
Completion Eva Owen  
"B" No. 4, Drinkard  
Oil.

*DE - 35*

New Mexico Oil Conservation  
Commission (3)  
Santa Fe, New Mexico

Gentlemen:

Stanolind Oil and Gas Company hereby files application for the dual completion of its Eva Owen "B" No. 4, located 660' from the south and 1980' from the west lines of Section 34, T-21-S, R-37-E.

This well is now completed in the Drinkard pay at 6520' to 6564'. The applicant plans to perforate the Blinebry pay from approximately 5540' to 5740', and dually complete, using a Production Retainer Packer, for Blinebry gas and Drinkard oil production.

As required by Rule 112-A, the following are attached:

- (1) A plat showing the location of all wells on applicant's lease, and all offset wells on offset leases.
- (2) A sketch showing the manner and method of applicant's proposed dual completion.
