

NEW MEXICO OIL CONSERVATION COMMISSION Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELL

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on prior operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the statistical analysis performed.

3. The third part of the document presents the results of the study. It includes a series of tables and graphs that illustrate the findings of the research. The data shows a clear trend in the relationship between the variables studied.

4. The fourth part of the document discusses the implications of the findings. It explores the potential applications of the research and the limitations of the study. It also suggests areas for further research and investigation.

5. The fifth part of the document provides a conclusion and a summary of the key findings. It reiterates the importance of the research and the need for continued efforts in this field.

6. The sixth part of the document includes a list of references and a bibliography. It cites the various sources of information used in the study and provides a comprehensive overview of the relevant literature.

7. The seventh part of the document contains a list of appendices and supplementary materials. These include additional data, charts, and tables that provide further detail and support for the findings of the study.

8. The eighth part of the document includes a list of acknowledgments and a thank you note. It expresses gratitude to the individuals and organizations that provided support and assistance throughout the research process.

9. The ninth part of the document contains a list of footnotes and a glossary. It provides definitions for key terms and concepts used in the study and includes additional information that is relevant to the research.

10. The tenth part of the document includes a list of references and a bibliography. It cites the various sources of information used in the study and provides a comprehensive overview of the relevant literature.
