

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

DUPLICATE

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF	X	REPORT ON DEEPENING WELL	
REPORT ON RESULT OF PLUGGING OF WELL

Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry must be supported by proper documentation and that the records should be kept up-to-date at all times.

2. The second part of the document outlines the procedures for conducting regular audits. It states that audits should be performed at least once a year and that the results should be reported to the board of directors.

3. The third part of the document describes the various methods used to collect and analyze data. It includes a detailed explanation of the statistical techniques employed and the software programs used for data processing.

4. The fourth part of the document provides a summary of the findings from the recent study. It highlights the key trends and patterns observed and discusses the implications of these findings for future research.

5. The fifth part of the document offers recommendations for improving the efficiency of the data collection process. It suggests several practical measures that can be implemented to reduce errors and increase the reliability of the data.

6. The sixth part of the document concludes the report and expresses the author's appreciation for the support and assistance provided by the research team.

7. The seventh part of the document contains a list of references to the sources used in the study. It includes both primary and secondary sources and provides full citations for each reference.

8. The eighth part of the document is a glossary of terms used throughout the report. It defines key concepts and provides examples of their use in the context of the study.

9. The ninth part of the document is an appendix containing additional information that supports the findings of the study. It includes raw data, detailed calculations, and other relevant information.

10. The tenth part of the document is a final summary of the report. It reiterates the main points of the study and provides a clear conclusion to the report.

11. The eleventh part of the document is a list of acknowledgments. It thanks the individuals and organizations that provided support and assistance during the course of the study.

12. The twelfth part of the document is a list of appendices. It provides a detailed description of each appendix and its location within the report.

13. The thirteenth part of the document is a list of figures and tables. It provides a brief description of each figure and table and indicates where they can be found in the report.

14. The fourteenth part of the document is a list of footnotes. It provides additional information and references that are not included in the main text of the report.

15. The fifteenth part of the document is a list of references. It provides full citations for all sources used in the study.
