Re: Recompletion from Tubb to Blinebry
Mark Owen #4-J
Section 34, T21S, R37E

Gentlemen:

Your intention to plugback and recomplete the above-referenced well has been approved. However, should the well be successfully completed in the Blinebry zone it will be necessary that the acreage dedicated to your Mark Owen #3 (gas well) be reduced from 160 to 120 acres. This can be done administratively after the recompletion.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
