

## NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

## MISCELLANEOUS REPORTS ON WELL

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL	<input checked="" type="checkbox"/>	REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF		REPORT ON DEEPENING WELL	
REPORT ON RESULT OF PLUGGING OF WELL

OIL & GAS INSPECTOR  
Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. This section also outlines the various methods used to collect and analyze data, ensuring that the information is reliable and up-to-date.

2. The second part of the document focuses on the financial aspects of the organization. It provides a detailed overview of the budget, including the projected income and expenses for the upcoming year. This section also discusses the various financial risks that the organization may face and the strategies used to mitigate these risks.

3. The third part of the document addresses the operational aspects of the organization. It describes the various processes and procedures that are in place to ensure the efficient and effective delivery of services. This section also discusses the various challenges that the organization may face and the strategies used to overcome these challenges.

4. The fourth part of the document discusses the human resources of the organization. It provides a detailed overview of the current staff and the various roles and responsibilities of each employee. This section also discusses the various strategies used to attract and retain top talent, as well as the various training and development programs that are in place.

5. The fifth part of the document discusses the legal and regulatory aspects of the organization. It provides a detailed overview of the various laws and regulations that apply to the organization's operations. This section also discusses the various strategies used to ensure compliance with these laws and regulations, as well as the various legal risks that the organization may face.

6. The sixth part of the document discusses the environmental aspects of the organization. It provides a detailed overview of the various environmental impacts that the organization may have, as well as the strategies used to minimize these impacts. This section also discusses the various environmental risks that the organization may face and the strategies used to mitigate these risks.

7. The seventh part of the document discusses the social aspects of the organization. It provides a detailed overview of the various social impacts that the organization may have, as well as the strategies used to maximize these impacts. This section also discusses the various social risks that the organization may face and the strategies used to mitigate these risks.

8. The eighth part of the document discusses the overall performance of the organization. It provides a detailed overview of the various key performance indicators (KPIs) that are used to measure the organization's success. This section also discusses the various strategies used to improve the organization's performance, as well as the various challenges that the organization may face.

9. The ninth part of the document discusses the future of the organization. It provides a detailed overview of the various opportunities and challenges that the organization may face in the future. This section also discusses the various strategies used to prepare the organization for the future, as well as the various risks that the organization may face.

10. The tenth part of the document discusses the conclusion of the report. It provides a detailed overview of the various findings and recommendations of the report, as well as the various actions that need to be taken to implement these recommendations. This section also discusses the various risks that the organization may face and the strategies used to mitigate these risks.

11. The eleventh part of the document discusses the appendix. It provides a detailed overview of the various documents and data that are included in the appendix, as well as the various strategies used to organize and present this information. This section also discusses the various risks that the organization may face and the strategies used to mitigate these risks.

12. The twelfth part of the document discusses the bibliography. It provides a detailed overview of the various sources of information that were used in the report, as well as the various strategies used to select and evaluate these sources. This section also discusses the various risks that the organization may face and the strategies used to mitigate these risks.

13. The thirteenth part of the document discusses the index. It provides a detailed overview of the various topics and sections of the report, as well as the various strategies used to organize and present this information. This section also discusses the various risks that the organization may face and the strategies used to mitigate these risks.

14. The fourteenth part of the document discusses the glossary. It provides a detailed overview of the various terms and definitions that are used in the report, as well as the various strategies used to select and evaluate these terms. This section also discusses the various risks that the organization may face and the strategies used to mitigate these risks.

15. The fifteenth part of the document discusses the conclusion of the report. It provides a detailed overview of the various findings and recommendations of the report, as well as the various actions that need to be taken to implement these recommendations. This section also discusses the various risks that the organization may face and the strategies used to mitigate these risks.
