To Al Bohling

Did you ever get NSP-841 reduced to 120 acres?

I have not seen anything on it.

Also, we still need the revised 120-ac plat for  
Mark Owen #3.

4-30-90  
working on #4 & it may turn out to be gas  
if so will want to SD. by 5-15-90  
should have test info

Oil Conservation Division  
PO Box 1980, Hobbs, New Mexico 88241-1980

6-20-90 Al Bohling said #4 is now Blumby gas  
& they want to SD #3 & #4 to 160 ac.  
The #4 well is NS & will require approval  
of NSL.  
#4 has oil allow. & will remain so class.  
until they get NSL. Need C-1-10 to reclass. #4
