Date

OIL CONSERVATION COMMISSION,
SANTA FE, NEW MEXICO.

Gentlemen:

Following is a report on the work done and the results obtained under the heading noted above at the

Gulf Oil Corporation Mark Owen Well No. 3 in the
Company or Operator Lease

NE SE of Sec. 34, T. 21 S, R. 37 E, N. M. P. M.,
Drinkard Field, Lee County.

The dates of this work were as follows: Cemented April 24th; tested April 26, 1946

Notice of intention to do the work was (~~was not~~) submitted on Form C-102 on April 25, 1946 19
and approval of the proposed plan was (~~was not~~) obtained. (Cross out incorrect words.)

DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED

The hole was washed down and the casing was tested with 1200# pressure applied for 30 minutes. The plug was drilled and the hole tested with 1200# pressure applied for 30 minutes. Both tests were OK and after approval of Mr. Yarbrough, State Oil and Gas Inspector, preparations were made to drill ahead.

Temperature survey showed cement behind 9-5/8" casing at 1530' below rotary table.

Title

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. The document also outlines the procedures for recording transactions, including the use of standardized forms and the requirement for double-checking entries.

The second part of the document addresses the issue of data security. It highlights the need to protect sensitive information from unauthorized access and disclosure. The document provides guidelines for securing data, such as using strong passwords, encrypting data, and restricting access to authorized personnel only.

The third part of the document focuses on the importance of regular audits. It explains that audits are necessary to ensure the accuracy and integrity of the records. The document describes the process of conducting audits, including the selection of auditors, the scope of the audit, and the reporting of findings.

The fourth part of the document discusses the role of technology in record-keeping. It notes that while technology can improve efficiency and accuracy, it also introduces new risks. The document provides advice on how to use technology safely, such as keeping software up-to-date and backing up data regularly.

The fifth part of the document covers the topic of training. It stresses that all personnel involved in record-keeping must receive appropriate training. The document outlines the requirements for training, including the topics to be covered and the frequency of training sessions.

The sixth part of the document discusses the importance of documentation. It explains that all procedures and policies must be clearly documented. The document provides guidelines for creating and maintaining documentation, such as using clear language and keeping documents up-to-date.

The seventh part of the document addresses the issue of compliance. It notes that the organization must comply with all applicable laws and regulations. The document provides information on how to stay up-to-date on regulatory changes and how to implement compliance measures.

The eighth part of the document discusses the importance of communication. It explains that effective communication is essential for the success of any record-keeping system. The document provides advice on how to communicate effectively, such as using clear and concise language and listening to feedback.

The ninth part of the document covers the topic of continuous improvement. It notes that the record-keeping system should be regularly reviewed and improved. The document provides guidelines for conducting reviews, including the identification of areas for improvement and the implementation of changes.

The tenth part of the document discusses the importance of accountability. It explains that all personnel must be held accountable for their actions. The document provides guidelines for establishing accountability, such as setting clear expectations and providing regular feedback.
