Dear Mr. Sexton

Packer Leakage Test - Lockhart A-35 No. 3, C-35-21S-37E

At the present time, we are applying for an exception to Division Rule 303-A to allow downhole commingling of the subject well. We request exemption from the October scheduled packer leakage test for a period of 60 days to allow sufficient time for the application to be processed. The well will be downhole commingled immediately after the application is approved.

Thank you for your cooperation in this matter.

Yours very truly,

R. Gault III
