Gentlemen:

This is to advise that effective January 1, 1970 your State 367 No. 2 located in Unit L of Section 36, T-21-S, R-37-E will be reclassified as a gas well in the Blinbry Gas Pool due to the recently submitted gas-oil ratio, and the allowable will be cancelled that date. Please advise this office when you have complied with the provisions of Commission Order No. R-1670 pertaining to the Blinbry Gas Pool so that a gas allowable can be assigned.

We also wish to advise you that Commission Order No. R-3890 approved 320 acre spacing in the Quail Ridge Morrow Gas Pool. It will therefore be necessary for you to either file a revised Form C-102 outlining a 320 acre unit to be dedicated to the well or obtain a Non-Standard Proration Unit Order prior to February 3, 1970 for your Mescalero Ridge Unit DE Well No. 1 located in Unit D of Section 21, T-19-S, R-34-E.

Yours very truly,
