Gentlemen:

This is to inform you that Getty Oil Company will once again need El Paso's connection on the Tubb Zone. A reconnection is necessary because the zone has been reclassified as a gas well effective January 1, 1980. The Blinbry Zone production will still be connected to Getty.

If more information is needed, contact this office at the above address or phone-397-3571.

Yours very truly,  
GETTY OIL COMPANY

  
Herman Terry  
Area Engineer
