Re: State "Q" No. 1 (Blinebry)  
Section 36, T-21-S, R-37-E  
Lea County, New Mexico  
Meter Code: 61-062-01

Gentlemen:

This is to inform you that Getty Oil Company will not be needing El Paso's connection on the subject zone as of January 1, 1979. For your reference, a copy of the N.M.O.C.C. letter is attached.

As evidenced from the Commission letter, the connection will not be needed because the Blinebry zone is being reclassified as an oil zone based on the GOR of 50,000:1.

We appreciate your continued cooperation.

Yours very truly,

A handwritten signature in dark ink, appearing to read "Dale R. Crockett".

Re: Gas Well Classification  
State "Q" Well No. 1  
Sec. 36, T-21-S, R-37-E  
Blinbry Oil & Gas Pool

Gentlemen:

Concerning your request of November 1, 1978, that the subject well retain the present gas well classification until production data can be obtained, this is to advise that no action will be taken on the reclassification to oil before December 1st.

Prior to December 1st, please submit a gas-oil ratio test for the well and outline production history for the past several months, in order that a determination can be made regarding the proper classification of the well.

Yours very truly,

OIL CONSERVATION DIVISION
