Re: Notice of Intention to Drill, J. H. Moore's  
Helen Phillips Well No.

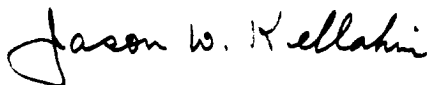

Gentlemen:

It is our information that H. J. Moore, Box 1537, Hobbs, New Mexico, has filed his notice of intention to drill his Helen Phillips Well No. 1, 1650 feet from the South line and 330 feet from the West line, Section 5, T20S, R38E, for production from the Drinkard formation.

This is to give notice of the intention of Wolfson Oil Company, 504 Midland National Bank Building, Midland, Texas, to protest completion of this well in any formation where the proposed location would constitute an unorthodox well location.

It is requested that in the event completion is sought in any formation where this location would constitute an unorthodox location that Wolfson Oil Company be notified and that such application be set for hearing.

Very truly yours,

JASON W. KELLAHIN
