Gentlemen:

On September 10, 1957 Mr. Eric Engbrecht, Oil and Gas Inspector for the Commission, made an inspection of the location for your DuPre No. 1-14 in Unit B of Section 14, T-20-S, R-38-E. Although according to Form C-103 which you submitted No. 14, 1956, this well was plugged on Nov. 11, 1956, he found that the dead men wires have not been cut and the legal description of the location has not been inscribed on the marker.

Please give this matter your early attention so that a final inspection may be made and the file cleared on this well.

Yours very truly,

OIL CONSERVATION COMMISSION
