This is to advise, that due to a lost circulation condition that existed from 7962' to 8319', it was necessary to run a combination string of 7" and 6-5/8" OD Csg. to case off this lost circ. zone. (See State Form C-103, dated 11/14/52). It is now our intention to run approximately 1000' 4 1/2" OD casing as liner to be hung is 6-5/8" casing at approx. 8270', with a setting depth of 9250'. Sufficient cement will be used to circulate to top of liner in 6-5/8" casing.
