13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Conoco requests renewal approval of Temporary Abandonment status for the above referenced well. A new, valid MIT was run on 12/12/01, see chart copy attached. (It is unclear if the agent witnessing the test took the chart or it was lost in the mail on its way to Midland. The field office only has copy. If this is not sufficient, please let us know and we will re-test.)

We would like to retain this wellbore for evaluation of uphole potential. This evaluation should be completed within the next 18-24 months.
