Re: L. E. Elliott No. 4 Parcel,
Sec. 8, T-21-S, R-38-E

Dear Sir:

Reference is made to your letter of October 24th and to the Form C-110 of the same date pertaining to the above-captioned well.

You are hereby granted permission to commingle the production from your No. 4 Parcel, which is producing from the Abo formation, with your Parcel Well Nos. 2 and 3, producing from the Littman-San Andres Pool.

Please bear in mind that this type of exception is granted solely because of the limited producing capabilities of the Abo zone in this area. If this zone proves to be highly productive, this Commission may require you to provide separate tank battery facilities.

Very truly yours,

W. B. Macey
Secretary - Director
