Remarks: (Give explanation below)

I respectfully request permission to co-mingle the Abo oil produced from this well with the San Andres oil produced from the Parcell #2 and #3, located on the NE 1/4, Sec. 8, Twp. 21S., Rge. 38E. These wells are all on the same lease with a common royalty and working interest ownership. This request is made because it does not seem wise at the present time to make an estimated expenditure of \$5,000.00 to set a separate tank battery and heater-treater for this well as it is of unknown quantity. (over)

The undersigned certifies that the Rules and Regulations of the Oil Conservation Commission have been complied with.

Although the initial potential indicates a strong top allowable well, the production history of other Abo wells in this area has been a very rapid decline with a questionable pay-out.

The entire area surrounding the Parcel #4 is Federal owned on which I hold the oil and gas lease.
